

IP68 customer connection enclosure

CONNECTING HOMES

enlighten TEN-FMN2

The TEN-FMN2 is a unique IP68 customer connection enclosure designed for up to 2 customers using adapters or directly spliced and support for pass through cabling. Additionally it can support up to 2 splitters and 14 splices in clip-in modules fitted to the enclosure base. The enclosure is very compact and can be directly buried in the ground or placed in our specially designed Handholes which can support surface or below ground placement.

Features

- Ultra-small and compact enclosure
- Suitable for outdoors mounting, IP68 rated
- Unique and flexible sealing system ensures straightforward installation
- Supports up to 8 mm cables and up to 4 fibre drop cables
- Baseplate for fibre routing and management
- Splice holders support 4 fusion splices (2 double stack)
- Clip-in splice module supports 14 splices and Clip-in splitter modules for up to 2 splitters
- Pass through cabling support
