enlighten **TEN-FW07** FTTH WALL OUTLET

This FTTH Wall Outlet is designed to accommodate the termination of installation cables to pigtails and provides an interface between the network and the customer device, it is specifically designed for Din Rail mounting and is particularly suitable for installation in service and riser cupboards of buildings.

Features

- Fits alongside other similar devices that use standard DIN rail mounting solutions.
- Hinged protective lids, providing easy access to the panels.
- Extremely compact and clever design that provides swift and easy installation.
- Accommodates four optical adapters and comes with colour coded optical access ports.
- Delivered empty or with adaptor(s) and/or with pigtail(s) in a suitable box.
